A piping of old blue silk, a silk necktie in the same shade and French dots embroidered with blue floss add brightness and color. The square motifs are made of silver braid and blue silk.

A girl who went East some time ago to stay a few months was told again and again by her mother that she was to have just so much money to spend during the trip, and not a penny more. Her limitations in the matter of pin money were pretty well drilled into the young lady until a short time before her train started, when her father came puffing into the station to bid her goodbye. "Now, daughter," he said, "whenever you want any more money all you have to do is to write to your dad." It is needless to say that "dad" received plenty of letters in the weeks that followed.

This Invitation Is Extended to

YOU

TO VISIT THE

Grand Opening of Our New Store

Our new store at 732 Kansas Avenue is now complete, and it is with great pride that we extend to you a cordial invitation to visit one of the most attractive Cigar and exclusive Billiard rooms in the State of Kansas.

We have spent thousands of dollars to equip a place that we know will meet with the approval of every good citizen of Topeka.

Careful personal service, we believe, has had as much as any one thing to do with the successful and very large growth of our business. There's a good deal, you know, in the way Cigars are sold. We sell lots of good cigars; we don't sell any other kind; we're particular to have to have them well made, of the best TOBACCO. All that any man can ask for in the CIGAR, PIPE or TOBACCO line you'll find here, and as for the value-giving for the money, we think there's nobody competing with us on that.

But the other part of it, the service we render, the thought we give to your interests and wishes, the putting of your interests before ours, that's a field in which we mean to excel. Our record shows how well we do it. It is the aim of H. L. Tromp to inaugurate and maintain a policy in his new store that will be appreciated by all the people all the time.
